CIVILIAN RESPONSE TO ACTIVE SHOOTER EVENTS

C.R.A.S.E.

We are frequently requested by schools, businesses, and community members for direction and presentations on what they should do if confronted with an active shooter event. The Civilian Response to Active Shooter Events (CRASE) course, designed and built on the Avoid, Deny, Defend (ADD) strategy, provides strategies, guidance and a proven plan for surviving an active shooter event. Topics include the history and prevalence of active shooter events, civilian response options, medical issues, and considerations for conducting drills.

Viewer discretion advised. Presentation videos contain scenes that some viewers may find disturbing.
